

Overdraft Transfer Protection and Courtesy Pay Services

Fibre Federal Credit Union and TLC offer the following services to protect your checking account(s) from inadvertent overdrafts: (1) Overdraft Transfer Protection, (2) Courtesy Pay, and (3) Debit Card Courtesy Pay under the following terms and conditions.

Overdraft Liability. If on any day, the available funds in your checking account are not sufficient to cover checks, ACH transactions, Debit Card transactions and other items presented for payment they will be managed in accordance with our overdraft procedure, or a Checking Protection plan you have with us. The Credit Union's determination of an insufficient available balance may be made at any time between presentation and the Credit Union's midnight deadline with only one review of the account required. The Credit Union has no duty to notify you of an insufficient fund status. Your account will then be subject to a fee each time an item is presented for payment regardless of whether paid or returned as set forth in the Fee Schedule. The Credit Union, by covering one or any overdraft, does not agree to cover overdrafts in the future and may discontinue covering overdrafts at any time. If the Credit Union pays an item/transaction that would otherwise overdraw your account, you agree to pay the overdraft amount immediately. We reserve the right to pursue collection of previously dishonored items at any time, including giving a payer bank extra time beyond any midnight deadline limits. We reserve the right to pay any checks or items in the order they are presented or received and in accordance with our normal operating procedures for such checks, items, or transactions. The order in which we receive items may be different than the order in which you performed transactions or issued the items. Please refer to section 14 of your Membership and Account Agreement for information on how transactions are posted to your account.

Available Balance. Your actual balance reflects the full amount of all deposits to your account as well as payment transactions that have been posted to your account. It does not reflect checks you have written and are still outstanding or transactions that have been authorized but are still pending. Your available balance is the amount of funds in the account that are available to pay items presented against the account without incurring an overdraft, nonsufficient funds or courtesy pay fee or transferring funds from another account. The available balance is generally equal to the actual balance, less the amount of any holds placed on recent deposits, holds placed for other reasons, and holds for pending transactions (such as Debit Card purchases) that the Credit Union has authorized but that have not yet posted to your account. If an item presented for payment against your account exceeds the available balance, we will treat it as presented against non-sufficient funds even if the actual balance exceeds the amount of the item. Please refer to section 14 of your Membership and Account Agreement for information on understanding your account balance.
