## OAK VALLEY BANCORP REPORTS $4^{\text {th }}$ QUARTER RESULTS AND ANNOUNCES CASH DIVIDEND

OAKDALE, CA - Oak Valley Bancorp (NASDAQ: OVLY) (the "Company"), the bank holding company for Oak Valley Community Bank and their Eastern Sierra Community Bank division, recently reported unaudited consolidated financial results. For the three months ended December 31, 2023, consolidated net income was $\$ 5,865,000$ or $\$ 0.71$ per diluted share (EPS), as compared to $\$ 7,354,000$, or $\$ 0.89 \mathrm{EPS}$, for the prior quarter and $\$ 9,475,000$, or $\$ 1.15$ EPS for the same period a year ago. Consolidated net income for the year ended December 31, 2023, totaled $\$ 30,848,000$, or $\$ 3.75$ EPS, representing an increase of $34.7 \%$ compared to $\$ 22,902,000$, or $\$ 2.79$ EPS for 2022 . The decrease in QTD earnings is mainly due to a credit loss provision of $\$ 1,130,000$ recorded during the fourth quarter, and an increase in deposit interest expense. The increase in YTD earnings is mainly due to rising net interest income driven by higher yields on earning assets.
"We are pleased to report historic earnings and a tremendous performance for the year. Our team continues to work diligently to serve our clients and strengthen and expand relationships with the families, individuals, and businesses who are invested in the communities we serve and share in our desire to help our Northern California region to thrive," stated Chris Courtney, Chief Executive Officer.

Net interest income was $\$ 17,914,000$ and $\$ 75,802,000$ for the fourth quarter and year ended December 31, 2023, respectively, compared to $\$ 18,938,000$ during the prior quarter, $\$ 19,113,000$ for the fourth quarter of 2022 , and $\$ 60,076,000$ for the year ended December 31, 2022. The QTD decreases from prior quarter and the fourth quarter of 2022 are mainly attributable to an increase in deposit interest expense. The 2023 YTD increase compared to 2022 YTD is due to increased yields on earning assets, triggered by FOMC rate hikes, combined with growth of our loan portfolio. Gross loans increased by $\$ 100.8$ million year-over-year.

Net interest margin was $4.15 \%$ and $4.33 \%$ for the fourth quarter and year ended December 31, 2023, respectively, as compared to $4.34 \%$ for the prior quarter, $4.09 \%$ for the fourth quarter of 2022, and $3.32 \%$ for the year ended December 31, 2022. The interest margin decrease compared to the prior quarter was related to deposit interest expense as described above. The net interest margin expansion for 2023 YTD compared to 2022 was fueled by the impact of FOMC rate increases on earning asset yields and growth of the loan portfolio, as discussed above.
"Increased net interest income corresponding to net interest margin expansion has fueled record earnings for the bank and our shareholders this year. We have experienced rate pressure on our cost
of funds; however, the impact of increased rates on earning asset yield has outpaced the deposit-side expense." stated Rick McCarty, President and Chief Operating Officer.

Non-interest income for the fourth quarter and year ended December 31, 2023, totaled \$1,755,000 and $\$ 6,631,000$, respectively, compared to $\$ 1,566,000$ during the prior quarter, $\$ 1,421,000$ for the fourth quarter of 2022, and $\$ 5,571,000$ for the year ended December 31, 2022. The increases over prior periods were primarily due to changes in the market value of equity securities. YTD results also benefited from an increase in deposit account service charges.

Non-interest expense for the fourth quarter and year ended December 31, 2023, totaled $\$ 10,760,000$ and $\$ 41,157,000$, respectively, compared to $\$ 10,578,000$ during the prior quarter, $\$ 9,611,000$ for the fourth quarter of 2022 and $\$ 37,308,000$ for the year ended December 31, 2022. The fourth quarter and year-to-date increases compared to prior periods correspond to staffing expense and general operating costs related to servicing the loan and deposit portfolios.

Total assets were $\$ 1.84$ billion at December 31, 2023, an increase of $\$ 7.0$ million over September 30, 2023, and a decrease of $\$ 125.9$ million from December 31, 2022. Gross loans were $\$ 1.02$ billion as of December 31, 2023, an increase of $\$ 45.3$ million from September 30, 2023, and $\$ 100.8$ million from December 31, 2022. The Company's total deposits were $\$ 1.65$ billion as of December 31, 2023, a decrease of $\$ 16.0$ million from September 30, 2023, and $\$ 163.8$ million from December 31, 2022. The deposit decrease during the third quarter was related to normal balance fluctuations from core deposit accounts, and the year-over-year decrease was mainly related to movement to higher deposit rates offered by other financial institutions, including Oak Valley Investments. Our liquidity position is very strong as evidenced by $\$ 216$ million in cash and cash equivalents balances at December 31, 2023, and the ample lines of credit, which have had no outstanding advances during the last two years.

Non-performing assets ("NPA") remained at zero as of December 31, 2023, as they were for all of 2023 and 2022. The allowance for credit losses ("ACL") as a percentage of gross loans increased to $1.07 \%$ at December 31, 2023, compared to $1.00 \%$ at September 30, 2023 and $1.03 \%$ at December 31, 2022. The increase was related to provision for credit losses of $\$ 1,130,000$ in the fourth quarter of 2023, which was mainly due to macro-economic conditions and loan growth of $\$ 45.3$ million during the quarter. Given industry concerns of credit risk specific to commercial real estate, management has performed a thorough analysis of this segment as part of the CECL credit risk model's ACL computation, concluding that the credit loss reserves relative to gross loans remains at acceptable levels, and credit quality remains stable.

The Board of Directors of Oak Valley Bancorp at their January 16, 2024 meeting, declared the payment of a cash dividend of $\$ 0.225$ per share of common stock to its shareholders of record at the close of business on January 29, 2024. The payment date will be February 9, 2024 and will amount to approximately $\$ 1,866,000$. This is the first dividend payment made by the Company in 2024.

Oak Valley Bancorp operates Oak Valley Community Bank \& their Eastern Sierra Community Bank division, through which it offers a variety of loan and deposit products to individuals and small businesses. They currently operate through 18 conveniently located branches: Oakdale, Turlock, Stockton, Patterson, Ripon, Escalon, Manteca, Tracy, Sacramento, Roseville, two branches in Sonora, three branches in Modesto, and three branches in their Eastern Sierra division, which includes Bridgeport, Mammoth Lakes, and Bishop. The Company's Roseville location opened in early 2022 as a Loan Production Office and as a full-service branch in December 2022.
