## OAK VALLEY BANCORP REPORTS $2^{\text {nd }}$ QUARTER RESULTS AND ANNOUNCES CASH DIVIDEND

OAKDALE, CA - Oak Valley Bancorp (NASDAQ: OVLY), the bank holding company for Oak Valley Community Bank and Eastern Sierra Community Bank, recently reported consolidated financial results. For the three months ended June 30, 2017, net income was $\$ 2,830,000$, or $\$ 0.35$ per diluted common share, compared to $\$ 2,207,000$, or $\$ 0.27$ per diluted common share, for the prior quarter and $\$ 1,904,000$, or $\$ 0.24$ per diluted common share for the same period a year ago.

Consolidated net income for the six months ended June 30, 2017 totaled $\$ 5,037,000$, or $\$ 0.62$ per diluted share, representing an increase of $47.6 \%$ compared to $\$ 3,413,000$, or $\$ 0.42$ per diluted share for the six months ended June 30, 2016. Settlement payments totaling $\$ 938,000$ were received in the second quarter from service providers in connection with the Mother Lode Bank acquisition. The settlements, strong loan production and higher yields on cash balances were the primary drivers in the year-to-date net income increase of $\$ 1,624,000$.

Net interest income was $\$ 8,455,000$ for the three months ended June 30, 2017, compared to $\$ 8,082,000$ for the prior quarter and $\$ 8,106,000$ for the same period last year. The increase is the result of organic loan growth during the trailing twelve months. The Companys net interest margin for the three months ended June 30, 2017 was $3.74 \%$, compared to $3.69 \%$ for the prior quarter, and $4.03 \%$ for the same period last year. The decrease compared to the same period last year is mainly due to loan discount accretion on purchased credit impaired loans recorded during the second quarter of 2016. However, recent interest rate increases have provided a positive offset given our high cash balances, as evidenced by the increase in net interest margin over the prior quarter.

Non-interest income for the three months ended June 30, 2017 totaled $\$ 2,036,000$, compared to $\$ 1,471,000$ during the prior quarter, and $\$ 1,056,000$ for the same period last year. The increase compared to prior periods is mainly due to the $\$ 938,000$ merger-related settlement payment as described above. Compared to the prior quarter, this settlement was partially offset by significant gains on called investment securities recorded during the first quarter of 2017.

Non-interest expense for the three months ended June 30, 2017 totaled $\$ 6,076,000$, compared to $\$ 6,207,000$ during the prior quarter, and $\$ 6,187,000$ for the same period last year. Reductions in non-interest expense compared to the prior quarters are partially due to increased deferred loan costs as a result of higher loan originations, and an $\$ 85,000$ non-recurring legal expense recovery associated with one OREO property recorded during the second quarter of 2017.

Total assets were $\$ 1.02$ billion as of June 30, 2017, an increase of $\$ 30.6$ million over March 31, 2017 and $\$ 94.9$ million over June 30, 2016. Gross loans were $\$ 623.8$ million as of June 30, 2017, an increase of $\$ 10.9$ million over March 31, 2017, and an increase of $\$ 44.0$ million over June 30 , 2016. Total deposits were $\$ 925.8$ million as of June 30, 2017, an increase of $\$ 26.6$ million over March 31, 2017, and an increase of $\$ 87.3$ million over June 30, 2016.

We are pleased to report another solid quarter of earnings. Stable growth across the board fueled bottom line results and is a testament to our constant effort to create quality relationships with our clients," stated Chris Courtney, President and CEO. "We are confident it will earn us the opportunity to serve more and more families and businesses in the communities we call home," he concluded.

Non-performing assets as of June 30, 2017 were $\$ 3,242,000$, or $0.32 \%$ of total assets, compared to $\$ 3,777,000$, or $0.38 \%$ of total assets, as of March 31, 2017, and $\$ 3,884,000$, or $0.42 \%$, at June 30, 2016. The reduction at June 30, 2017 is due to paydowns received from one delinquent borrower during the quarter. The loan growth slightly outpaced the provision for loan losses of $\$ 35,000$ during the second quarter of 2017 , thus decreasing the allowance for loan losses to $1.26 \%$ of gross loans at June 30, 2017 compared to $1.28 \%$ at March 31, 2017 and $1.32 \%$ at June 30, 2016.

Concurrent with the earnings announcement, the Board of Directors of Oak Valley Bancorp declared the payment of a cash dividend of $\$ 0.125$ per share of common stock to its shareholders of record at the close of business on July 31, 2017. The distribution will amount to approximately $\$ 1,011,000$. The payment date will be August 10, 2017. This is the second dividend payment made by the Company in 2017.
